FOR DRIVER APPLICANTS OF COMMERCIAL MOTOR VEHICLES THAT REQUIRE A COMMERCIAL DRIVER LICENSE (CDL) THE APPLICANT MUST DISCLOSE THEIR CONTROLLED SUBSTANCE AND ALCOHOL STATUS PER THE REQUIREMENTS OF 49 CFR PART 40.25(J).

As a prospective driver employee, you have the right to review information provided by previous employers. You have the right to have errors in the information corrected by the previous employer(s) and for that previous employer(s) to re-send the corrected information to the prospective employer; the right to have a rebuttal statement attached to the alleged erroneous information, if the previous employer and the driver cannot agree on the accuracy of the information.

Driver employees who have previous Department of Transportation regulated employment history in the preceding three years, and wish to review previous employer provided investigative information, must submit a written request to the prospective employer, which may be done at anytime, including when applying or as late as thirty (30) days after being employed or being notified of denial of employment. The prospective employer must provide this information to the applicant within five (5) business days of receiving the written request. If the prospective employer has not yet received the requested information from the previous employer(s), then the five (5) business day deadlines will begin when the prospective employer receives the requested safety performance history information. If the driver has not arranged to pick up or receive the requested records within thirty (30) days of the prospective employer making them available, the prospective motor carrier may consider the driver to have waived their request to review the records.

I understand that misrepresentation or omission of facts called for is cause for dismissal. Notice to All Commercial Driver Applicants

United Recycling & Container has a strong commitment to provide a safe workplace for its employees and customers. Consistent with the spirit and intent of this commitment and to meet the requirements of the Drug Free Workplace Act and the U.S. Department of Transportation regulations, an alcohol and controlled substances (drug) program has been established. Quite simply, this program will help to ensure our employees carry out their duties without being under the influence of alcohol or drugs.

Pre-employment testing for controlled substances is required for all driver applicants once a conditional offer of employment is extended and prior to performing any safety sensitive functions. A verified positive controlled substance test will disqualify applicants from employment.

We have an agreement with US Healthworks (USHW) to coordinate all testing and to provide the services of a Medical Review Officer for overseeing all test results.

In accordance with Washington State law, all positive drug and/or alcohol tests performed under 49 CFR 40 for CDL individuals are reported by the USHW Medical Review Officer to the Department of Licensing (DOL). Under RCW 46.25.090, the DOL will disqualify that driver from driving a commercial motor vehicle.

We have no intention of intruding into the private lives of our employees but we do expect each employee to report for work and perform their duties without impairment from alcohol and other drugs. The responsibility for the safe and efficient operation of our business cannot be over emphasized. We cannot fulfill this responsibility unless we have a drug free workplace.
